PRESS RELEASE

March 25, 2019

DeCurret Inc.

Notice Regarding the Completion of Registration of Virtual Currency Exchange Service Providers and the Launch of Services

DeCurret Inc. (Head office: Chiyoda-ku, Tokyo, Representative Director and President: Kazuhiro Tokita, “DeCurret”) announced today that it had completed the registration of Virtual Currency Exchange Service Providers.

Since the establishment in January 2018, DeCurret has been setting up business plans, reliable and sound business operation structure as a financial institution, safety measures on systems, and internal control including administrative management system and user protections accordingly with “The designated process to examine new registration application of virtual currency exchange service provider” published by Financial Services Agency (FSA) of Japan. Moreover, DeCurret has been establishing a reliable service structure that allows digital currency (*1), exists on Internet, to be exchanged, sent/received, and stored.

With the concept of “connecting and exchanging all values and making transactions simple,” DeCurret aims to become “a major financial servicer for digital currency” that sets standard for secured and convenient digital currency transaction.

As a registered service provider, DeCurret will launch spot trading services from Tuesday, April 16, 2019 in Japan. As for opening accounts, DeCurret will start to accept users to open accounts from Wednesday, March 27, 2019.

Please experience high speed and highly reliable digital currency platform services presented by dedicated financial and IT professionals.

Please see following URL (Japanese only) for details on how to open account and services. <https://www.decurret.com/>

Virtual currency differs from legal tender such as Japanese currency and foreign currencies. Also, the value of virtual currency is basically not guaranteed by any government, corporation, or person. Due to exchange rate volatility, there is a risk for loss. For details, please refer to DeCurret's website, understand risks thoroughly and then trade on your own risks.
