Internet Initiative Japan' Safous Named Winner of the Coveted Global InfoSec Awards during RSA Conference 2024

-- IJJ Wins 4 awards IN 12th Annual Global InfoSec Awards at #RSAC 2024 --

TOKYO - MAY 7, 2024 - Internet Initiative Japan Inc. (TSE Prime: 3774), one of Japan's leading Internet access and comprehensive network solutions providers, is proud to announce that its Zero Trust security platform "Safous" has won the following awards from Cyber Defense Magazine (CDM), the industry's leading electronic information security magazine:

- Editor's Choice SMB Zero Trust
- Next Gen Zero Trust Application Protection
- Hot Company Zero Trust BYOD
- Best Product Zero Trust Platform

Safous is a unified zero trust security platform that accelerates enterprise cybersecurity transformation. IJJ provides a variety of functions to solve corporate server security issues, such as security assessments of existing IT assets and zero-trust access protection for IT/OT assets.

"We're thrilled to receive one of the most prestigious and coveted cybersecurity awards in the world from Cyber Defense Magazine, during their 12th anniversary as an independent cybersecurity news and information provider. We knew the competition would be tough and with top judges who are leading infosec experts from around the globe, we couldn't be more pleased," said Miki Tanaka, Global Business Director of IJJ.

About CDM InfoSec Awards

This is Cyber Defense Magazine's twelfth year of honoring InfoSec innovators from around the Globe. Our submission requirements are for any startup, early stage, later stage, or public companies in the INFORMATION SECURITY (INFOSEC) space who believe they have a unique and compelling value proposition for their product or service. Learn more at www.cyberdefenseawards.com

About the Judging

The judges are CISSP, FMDHS, CEH, certified security professionals who voted based on their independent review of the company submitted materials on the website of each submission including but not limited to data sheets, white papers, product literature and other market variables. CDM has a flexible philosophy to find more innovative players with new and unique technologies, than the one with the most customers or money in the bank. CDM is always asking “What’s Next?” so we are looking for best of breed, next generation InfoSec solutions.
